ORDER

LEWIS A. KAPLAN, *District Judge*.

Plaintiffs' motion to compel and for other relief [DI 18] is denied.

Insofar as the motion seeks an order effectively compelling disclosure, it appears to be moot in most or all respects but in any case was made without compliance with Rule 37(a)(1). If after counsel have conferred in good faith any part of this dispute requires judicial intervention, either party may file an appropriate motion.

SO ORDERED.
